Supt. Banghart,

In regards to the budget for Garfield County School of Innovation we have some questions including:

1. What is the projected PPR for budget year 2027-2028 for Garfield County Re-2? We will not know this untill the legislature passes the long bill in the spring.

2. Do we receive 100% of the PPR? Or do we receive a percentage of that? It will be 95%

3. If we receive 100%, what are the District fees? The inderect costs is 5%

4. Are we required to use any District Services? For example, Special Needs? This will be determined depended on wavers you ask for,and if you are granted a charter.

5. Do you want a one-year budget, a 3-year budget, or a 5-year budget? We need the PPR for those years, please. We will need to see a 3 year budget in order to determine viability. Use the 2026 Districts PPR that can be found on the CDE's wedsite for all three years.

6. We are planning to use a former charter budget template, is that OK? Or do you have one to give to us? A former Charter Budget template is fine. We will use that as the starting point for our anylisis.

Thank you very much for your helpfulness.
